

WORK BASED LEARNING, BUSINESS & MARKETING

Entrepreneurship & New Ventures

These courses enable you to gain valuable on-the-job internship experiences! Benefits include:

- Develop employable work skills, good work ethics, and a network within our community.
- Integrate classroom learning with on the job training.
- Observe other employment opportunities within a company or industry.
- Increase your marketability on resumes and applications.
- Earn money and receive two to three credits per semester.
- Receive release periods during the school day to work.

Current Business Partnerships/Internship Opportunities exist with:
